# Discovery

2019

We at Roca have spent over one hundred years assisting families and writing the story of their homes with them. A story that has become our own, being a part of the drive that allows us to look ahead with optimism offering customised proposals for each individual.

Today, all of us at Roca take the best of our past to write our present and face our future. We are committed to leading the revolution of personal hygiene thanks to Rimless technology featured in most of our WC solutions.

We present different options to design your ideal bathroom space, whatever the desired style, you will find a solution for your needs.

This brochure shows our commitment to the improvement of the life of all bathrooms, moving forward by your side, as always.

# Visionaries in design

We go back to the time when a design would last for decades and everything was created to inspire. Carmen is a tribute to one of Roca's most iconic basins of the 1940s. The collection comes back with a clear vintage character to become a collection with the latest innovations in the design of bathroom spaces.

**Carmen, bathroom collection**

## Keep the best of two worlds

Go back to the splendor of another era without giving up today's comfort.

## Classic details, today's materials

The iconic shapes of a classic, combined with the latest materials and technologies.

# New Products and Innovations

We continually strive to innovate and design new products, to ensure that we can continue to deliver for the changing needs of the bathroom.

**In-Tank Meridian, WC with integrated cistern**

IN-TANK MERIDIAN WC with integrated cistern **p.51**

## Dama-N

### Versatile and functional storage solutions

The new Dama-N furniture collection provides style and functionality for any bathroom, regardless of size. With a unique square basin design, coupled with straight lines and a variety of dimensions, as well as the option of furniture with drawers or doors, there is an array of options to transform any bathroom space.

#### Family Bathroom

Choose a 700mm, 600mm or 550mm basin and base unit with two soft-close drawers, ideal for storing all the family's daily bathroom essentials.

#### En-suite Bathroom

Maximise storage in the en-suite with a compact 500mm or 450mm basin and base unit with a cupboard to store away those taller toiletry items.

#### Cloakroom Bathroom

With a basin projection of only 320mm, the Dama-N 400mm basin and base unit is suitable for those smaller bathroom spaces where space is critical.

DAMA-N P. 120

INSIGNIA P. 164

## Insignia

### Cold Start, a simple way to save energy in the bathroom

Insignia a new collection of contemporary bathroom taps combining nature and sophistication to suit your needs. The Insignia bathroom taps are a modern reflection of nature: the classic side handle integrates harmoniously with the elegantly, yet contemporary, curved spout. You can choose from five different models for basins with built-in and deck-mounted mixer options for baths or showers.

#### Energy efficiency

All Insignia basin mixers include the innovative cold start system which avoids the unnecessary activation of the boiler, saving energy and reducing household bills.

#### Water saving

The Insignia taps for basins include a built in aerator in the spout which limits the flow to 5 litres per minute. This allows water consumption to be minimised without reducing the level of comfort. Thanks to the air injection, the aerator guarantees a plentiful, soft and bubbling water jet that also prevents splashing.

#### Comfort and safety

The thermostatic models of the contemporary Insignia bathroom tap collection include triple innovations exclusive to Roca for your comfort and safety: the Quick Reaction® technology provides water at the required temperature in just a few seconds, the SafeTouch® system prevents the tap from becoming hot on the outside, and with Security 38°®, the default temperature of 38° is never unknowingly exceeded, preventing burns and saving energy.

#### Always bright

Roca's exclusive EverShine® electrolytic coating guarantees a long-lasting shine and makes for easy cleaning of these contemporary bathroom taps.

INSIGNIA P. 164

## Designed with the best materials

Roca remains at the forefront of technology, incorporating the latest innovations and materials in the design of bathroom spaces.

### Rimless

Innovative rimless design that makes cleaning easier and distributes water over the entire surface of the bowl.

### Surfex®

A durable composite of minerals and resins which adapts perfectly to a wide range of profiles, angles and straight lines, allowing shapes that were until now unimaginable in the bathroom space

### Supralit®

A resin with antibacterial treatment to manufacture a new generation of more hygienic seats and covers that are easier to clean.

### EverShine®

The beauty of the hard-wearing chrome-plated finish of Roca taps is thanks to the innovative EverShine® system which involves an electrolytic coating. This guarantees that each tap will continue to shine over the years, making cleaning easier

MODO P. 102

## Hygienic solutions for every bathroom

### Rimless Technology

The new generation of Roca rimless toilets represents the best in innovative design and new technology. Low water consumption and optimum flushing performance complement the hygienic benefits of a smooth, corner-free design.

### Easy to clean

Rimless WC pans are easier to clean thanks to the removal of the rim from the design.

### Optimal flushing

The distributor flushes the water around the pan providing a thorough flush which exceeds European standards.

### Hygienic solution

Bacteria growth is discouraged thanks to the removal of the rim from the design

See page 52 for Rimless WC options.

# In-Tank Meridian WC with integrated cistern

In-Tank Meridian marks the beginning of a new era in bathrooms as it does not require the installation of either a cistern or flush plate to be fully operational.

## WC options

Back-to-wall and Wall-hung WC options are available. The wall-hung version helps to create a feeling of space, as the area under the pan is clear.

## Soft-close seat

A soft-close seat is included with the WC, creating a safer and quieter environment.

## Soft Air® technology

In-Tank Meridian features an air pump within the internal cistern which flushes the water from the internal tank.

## Eco dual flush cistern

Featuring a water saving 4.5/3 litre dual flush cistern with chrome plated push button.

## Integrated light

The WC features an integrated light on the flush button to guide you to the bathroom during the night.

## Easy to install

All components required for installation are supplied within one box.

# How does it work?

1

Choose the desired flush (4.5 or 3 litres) and press the button.

2

The air pump, with its Soft Air® technology, is activated and emits a pre-programmed flow of compressed air, pushing the water from the internal tank.

3

The water rises up to provide a flush, expelling the selected volume of water from the internal tank.

4

The internal tank refills until it reaches the optimum water level.

# Pioneers

If you have always wanted to be ahead of the times and break barriers, your bathroom can never be ordinary. It needs to be... **Modo**. A collection with an urban design and the latest innovations in materials and technologies. Are you up to a new challenge?

**Modo, Surfex® collection**

## Surfex® Modo

On a highly aesthetic and functional level MODO has been developed, the first collection formed from a new solid surface material, SURFEX® exclusive to Roca.

The collection is formed of washbasins, shelves and baths available in a range of sizes.

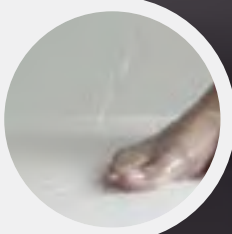

### New possibilities

Surfex® is a new durable composite of minerals and resins which adapts perfectly to a wide range of profiles, angles and straight lines, allowing shapes that were until now unimaginable in the bathroom space.

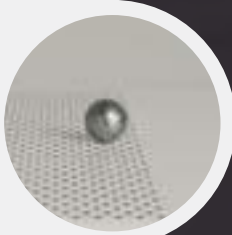

### Antislip

Due to its mineral nature and its polishing process, Surfex® offers a very high antislip effect, ideal for its use in humid areas of the bathroom space.

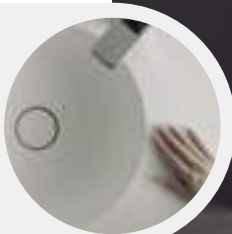

### High resistance

The qualities of this exclusive material provide an extraordinary resistance to chemical agents and UV light.

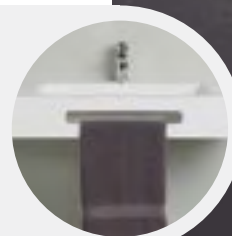

### Sophisticated finish

Thanks to its combination of minerals and resins, the products manufactured in Surfex® have a delicate, soft and matt texture, pleasant to touch.

### Design without joints

Its extraordinary plasticity allows entirely uniform and joint-free designs, increasing the design options.

### Thermal Insulator

Its special composition makes it possible to preserve the temperature for longer, saving water and energy

### Hidden overflow

All Modo washbasins come with hidden overflow technology, making them an aesthetic highlight and easy to clean. The solid surface waste outlet is perfectly integrated into the collection's material, precisely shaped with a continuous gap.

### Sustainable

Surfex® consists of organic and 100% recyclable materials. Any product manufactured with this material can be reprocessed.

# Protectors

Bathrooms need to be a safe place for everyone, with our lifestyles so busy and complex, it's important to create a home that promotes ease of use and convenience, especially when it comes to the bathroom.

**Deck-T, Thermostatic shower**

## Find the best designer taps for your bathroom

When it comes to choosing the most suitable taps and showers, finding a model that adjusts to your taste and requirements will be a very easy task from the wide selection available.

Roca constantly fine-tunes its approach to design and technology to stay at the forefront of bathroom innovation.

The key features and benefits of our products reflect the world we live in and the changing demands of our customers.

### Sustainability

Our favourite bathroom taps idea is the new generation of Cold Start brassware, where the default 'resting' position of the lever is set to cold. The Cold Start design only turns one way so you only choose to heat water if you really want to, rather than doing so without realising. This avoids unnecessary use of the boiler thus eliminating energy waste, making it a very eco-friendly option.

INSIGNIA P. 164

T-1000 P. 200

### Total safety

Accidents are a thing of the past. Roca's thermostatic brassware also feature the SafeTouch® technology which minimises overheating the metal body of the valve, so you can be rest assured that no fingers will be burned when touching the bathroom taps!

### Temperature in a matter of seconds

Turn on the tap, and in just seconds you will have the perfect temperature. Roca's thermostatic brassware has two intelligent controls, one to determine the temperature and another one to regulate the flow, delivering water instantly without exceeding the default temperature of 38°C

### Easy to clean

The beauty of the hard-wearing chrome-plated finish of Roca taps is thanks to the innovative EverShine® system which involves an electrolytic coating. This guarantees that each tap will continue to shine over the years, making cleaning easier.

### Savings

When washing our hands or brushing our teeth, we don't always require the full flow of water. Fortunately, the flow limiters integrated into Roca brassware reduce the volume of water used whilst still maintaining the level of comfort required from the water delivered. Designer bathroom taps with built-in water saving!

# Captivators

Every corner of your bathroom is a reflection of your character. Whatever your personal style or aspiration, Insignia offers you the flexibility to create your own individual solution, a collection of contemporary bathroom taps combining nature and sophistication to suit your needs.

**Insignia, tap collection**

## Insignia and Naia Cosmopolitan souls

### Insignia

The side handle harmoniously integrates with the spout, ending in an organically inspired and elegant curve.

### Naia

Its simple geometry turns Naia into the ideal solution for any kind of bathroom, regardless of style.

## Atlas and Malva Single-lever versatility

### Atlas

Curved edges and solid contours in a tap collection with proportionate volumes and a contemporary look.

### Malva

Robust and elegant, its slim handle contrasts with a slightly tilted spout to improve its ergonomics.

# Planners

At Roca, there is a furniture collection that suits the character and needs of every home. We present different style and storage options to design your ideal bathroom solution.

**Anima, basin and furniture collection**

# Basins and Furniture

## Bathroom storage units that say a lot about you.

As a single person, a couple, or a family; we all live in such different ways. At Roca, we believe that bathroom furniture should be an extension of the way we want our bathroom experience to be. Being used day in and day out, we choose our bathroom storage solutions not only for style but for their ability to fulfil our needs. Here we suggest a number of furniture ideas and bathroom storage solutions that will help you find the best option for your home see pages 116-141.

**Carmen**

Reinventing the classic elegance of vintage bathrooms, the Carmen collection consists of heritage-inspired furniture with the latest features of today. Traditional materials such as wood, marble and glass come together to create sophisticated and timeless bathroom storage units.

See page 117

**Prisma**

For the ultra-organised among us, Prisma bathroom storage solutions offer hidden drawers to store smaller objects as well as larger drawers for other items. You can also add interior dividers to organise your toiletries.

See page 118

**Dama-N**

Designed with a slightly curved profile, the Dama-N furniture complements the Dama-N basin design. Available in several standard and compact sizes, Dama-N offers a solution for all bathroom spaces at an affordable price point.

See page 120

**Heima**

Practical and very versatile, the Heima collection provides units that can be combined with up to 18 different styles of countertop basins, giving you the freedom to place your basin either in the centre of the unit or on the side.

See page 122

**The Gap-N**

The Gap-N collection provides subtle design details which complement the smooth clean lines of each piece. The range offers a wide choice of basins and furniture to appeal to each individual need, whilst allowing the desired bathroom space to be perfectly tailored to each taste and requirement.

See page 124

**Anima**

Anima provides ample amounts of storage space for busy family bathrooms, a door and drawer combination vanity unit featuring two fully expanded drawers and one large cupboard with a height adjustable shelf. A choice of two basin designs are available to choose from, finish your bathroom look with a square or oval basin depending on your bathroom style.

See page 126

**Debba**

Who said that homeowners with small spaces should forget about bathroom furniture? Debba takes advantage of the smallest of spaces with two available depths: Standard at 460mm and Compact at 360mm.

See page 128 - Debba Standard  
See page 130 - Debba Compact

**Mini**

If your bathroom is even smaller, you'll love this ingenious bathroom storage unit! The Mini collection takes up very little space with its 250mm depth allowing you to add a cabinet mirror as another space saving solution

See page 132

**Maxi**

Another option for people short on space is the affordable Maxi collection. Storage space can be maxi-mised with this bathroom furniture unit which is available in both wall-hung and floorstanding options.

See page 134

**Victoria Basic**

Victoria Basic offers a high end look complementing any bathroom collection. Consisting of two unit sizes: 600mm or 800mm with the added option of a column unit, mirror and light.

See page 136

**Victoria-N**

For larger homes, the Victoria-N bathroom furniture units have increased storage capacity. This family-friendly option is available in both single and double basin options with up to 6 drawers, so all the family can have their own space!

See page 138

# Buying guide

Whether you are planning a new bathroom or renovation, we have featured a handy guide to help you select the right products to suit your needs. Let your imagination take your bathroom to new heights, make the most of the space you have and turn your bathroom space into a place that you have always dreamt of.

WC's

When considering buying a toilet, you need to find the right model that matches the style and scale of your bathroom scheme.

Rimless

Rimless toilets offer a hygienic solution, the elimination of the rim discourages unwanted germs which can often breed underneath standard toilet rims. A water distributor positioned at the back of the pan ensures the pan is thoroughly flushed even with smaller flush volumes.  
See page 53

Comfort height

Comfort height toilets provide a comfortable solution for users who require additional support in the bathroom.  
See page 55

Close-coupled

Close-coupled WCs have the cistern and WC pan closely coupled together. With a variety of options available, from contemporary to traditional, there is sure to be a solution which works for you.  
See pages 52-93

Wall-hung

Wall-hung WCs are mounted onto a installation system behind the wall, the cistern is neatly concealed for a seamless finish, the floor beneath and area surrounding the WC can also be wiped clean with ease.  
See pages 52-93

Back-to-wall

Back-to-wall WCs are installed with a concealed cistern, which is hidden behind a wall or furniture unit. Comfort height and compact solutions are available to suit all bathroom spaces. With a wide range of operating panels you can choose the one that best suits your bathroom.  
See pages 52-93

Basins

With so many basin options - counter basins, wall mounted basins, and more - we help you find the right one!

Wall-hung basin

The classic wall mounted basin is ideal for small bathrooms or guest bathrooms, where you don't require storage. This can be installed on its own, with a bottle trap, underneath or combined with a full or semi-pedestal to hide any pipework. At Roca we have a wide range of wall-hung basins.  
See pages 60-93, 148-149, 154

Vanity basin

A convenient and comprehensive solution, where the basin forms a 'slab' to cover the whole surface of the furniture unit. This is a highly functional option, increasing the bathroom storage capacity and offering an easy to clean single surface. Roca offers a wide range of vanity basins.  
See pages 116-141

Semi-recessed basin

As its name suggests, this basin is partially, not totally, recessed. A similar option to the in countertop basin, with the difference that the semi-recessed basin is not fully recessed, but is installed slightly over the worktop, obtaining a more contemporary style.  
See page 153

Under countertop basin

With this option, the under countertop basin is perfectly integrated, so that only the basin interior can be seen from above. A practical, seamless and easy to clean solution, which allows you to use the entire single surface of the countertop, to always keeping your toiletries to hand or keep clean and clear of clutter. See page 152

In countertop basin

You can achieve a subtle and elegant effect by sinking the basin into the countertop so only the edge is above it. This allows you to use the countertop to place the bathroom products you use most often. If this option appeals to you, take a look at our in countertop basins on page 151

On countertop basin

In this solution, the basin emerges completely and sits on the worktop, letting the shape and design of the piece steal the show. This can offer more of a statement look and style with the basin as the hero of the wash station. Discover Roca's on countertop basins on page 150

# Furniture

Discover three unit styles for basins, three ways to keep everything within reach.

### Wall-hung

Wall-hung furniture can make the room feel as spacious as possible, by creating the illusion of floor space. With stylish storage solutions to keep the bathroom clutter-free, choose from an array of drawer or door options.

See pages 116-141

### Floorstanding

Floorstanding units hide away those unsightly pipes, whilst also offering maximum storage space to store your daily bathroom essentials neatly away. Drawer and door options are available, providing different solutions.

See page 134

### Open storage

Exposed bathroom storage allows you to display your best towels and objects, combined with design simplicity and maximum functionality by ensuring you have all your toiletries close to hand.

Due to their minimalist and open design, a washbasin stand can also create an illusion of spaciousness in the bathroom.

See pages 117, 119

# Brassware

To help you choose from our range of brassware, we have detailed a selection of the type of products available.

### Single-lever basin mixer

Single-lever taps allow you to use just one lever to control the water flow and temperature. You move the lever up and down to turn the water flow on and off, turn the lever from side to side to gradually change the water temperature.

See pages 164-189

### Dual-control basin mixer

Dual control taps feature two separate control handles to adjust the water flow and temperature.

See pages 192-197

### Electronic mixer

Electronic taps feature a new-generation “Intelligent System” based on a contact-free operation. A motion detector instantly turns the tap on and off, without wasting a single drop of water. This means reliability, durability and very significant water and energy savings.

See pages 171, 173, 187, 195

### Manual mixer

Manual mixers allow the user to blend the hot and cold water supply to deliver the preferred temperature. Available in Wall-mounted and Built-in mixer options.

See pages 164-195

### Thermostatic mixer

Thermostatic mixers allow you to enjoy the water flow and temperature you require, quickly and continuously, without fluctuations. Available in Wall-mounted and Built-in mixer options.

See pages 200-203

### Pillar taps

These are two individual tap handles that control the hot and cold water supply to a basin or bath. Pillar taps suit basins or baths with two tap holes.

See page 197

### Overflow bath filler and waste

Maxiflow is a bath filler and overflow waste solution for the bath. Maxiflow is installed where the overflow and waste is located on the bath, saving space without the need for a separate bath filler.

See page 216

# Baths

Find the perfect temperature. Add a dose of your favourite scented bath oil and slowly slip into the warm water to let your senses drift into another dimension. The simple sensations of a relaxing bath will take you far away from the fast pace of our everyday lives, to a place where time stands still and everything else dissolves.

## Acrylic

A highly versatile and resistant material, acrylic baths make it possible to produce lighter shapes that are easy to install and maintain.  
See pages 222-225

## Cast Iron

Reclaiming the classic robustness of cast iron, these baths not only look and feel elegant but are extremely durable and strong. Their incredible thermal and acoustic insulation properties allow them to maintain the temperature for longer, letting you stay in the bath as long as you wish!  
See pages 230-231

## Steel

With a triple coating of a high gloss enamel, steel baths offer a highly durable and hygienic option. Steel keeps the water warmer for longer and is easily cleaned without affecting the finish.  
See pages 226-229

## Surfex®

Freestanding baths made of the new material Surfex® come in a range of flexible designs and shapes, which were previously unthinkable. With an outstanding plasticity, this innovative material has a warm mineral texture, which is very pleasant to the touch and has anti-slip properties, ideal for any bathroom.  
See page 232

## Freestanding

Choosing a freestanding bathtub means your bathroom will have a beautiful statement piece and you'll have your own personal island to escape to. You can find your perfect freestanding bath with Roca today; discover exclusive designs in Surfex®, find elegance in cast iron options, let the lightness of acrylic baths take you away, or choose a robust and hygienic steel alternative.  
See pages 222, 226, 230, 231, 232

# Shower trays

The shower space is always limited by the shower tray. For this reason, the correct choice is one of the keys to succeed in the renovation of any bathroom.

## Stonex® Resin

The shower trays manufactured in Stonex®, a resistant and long lasting material, may be installed at floor level and due to their textured surface, they feature a high anti-slip property. Moreover, they are available in different natural finishes.

See page 235

## Acrylic

Acrylic shower trays are light and warm, featuring a high resistance to impacts and not splintering when breaking, ensuring greater safety.

See page 234

## Built-in

In order to add continuity to your bathroom floor and have a shower space that is fully integrated in the atmosphere you may install a built-in shower tray. If you choose this option, ensure you install the correct water drainage with the In-Drain systems.

See page 236

## Vitreous China

If you are looking for an affordable shower tray, easy to clean and resistant to chemical agents, those manufactured in vitreous china are a good option.

See page 234

## Explore our bathroom styling tips

We guide you through five timeless bathroom looks

When styling your bathroom, you don't have to opt for beige in order to create a space that will stand the test of time.

Whether you're a minimalist or prefer an eclectic look, we believe everyone deserves a bathroom that works with you and your style perfectly. If you need a little assistance and inspiration, read on to find a selection of timeless, yet far from bland, bathroom styling ideas.

### A touch of class with modern bathrooms

There are so many choices when it comes to contemporary bathroom styles, giving you a chance to embrace your own individual style. Unique shapes and exquisite finishes will help you create a sophisticated space, without being too trend-led in your bathroom styling. If you're open to new and innovative ideas, modern bathrooms offer a plethora of materials, functions and clever solutions to choose from – some of which will even help you save water and energy!

### Mediterranean-style décor

A Mediterranean style bathroom offers you an eternal summer! Contrasting fresh, bleached colour schemes typical of sunny coastal villages, with warmer colours and rich material choices like wood, make for a beautiful mediterranean feel. To help achieve this gorgeous bathroom style, combine blue and white textiles with tiles in white, blue, aqua or turquoise colourways, together with rustic details such as exposed wooden beams.

### The pureness of minimalist bathrooms

Decorating a bathroom does not just mean filling the space to its capacity. Simple beauty can be found in leaving empty space. By opting for a combination of clean lines and good quality materials when you select your bathroom pieces, a minimalist bathroom can still feel complete and warm. The addition of different shapes and muted colours will create interest whilst keeping the space calm.

### The classic: vintage-inspired bathrooms

Although heritage designs nod back to another time, today's classic bathrooms take all the elegance and refined details of the past and combine them with modern functionalities and innovations. This bathroom style usually includes ornate shapes, often combining chrome with white, and details on handles and levers, creating a timeless look perfect for Victorian and Edwardian properties.

### Giving your bathroom an exotic touch

Let Mother Nature be your inspiration, filling your bathroom space with a natural energy. Vivid colour choices combined with wood, real plants and lots of daylight, can transport you to a faraway paradise. To bring this look to your space, dare to add large exotic plants or perhaps a nature-inspired statement wall into your bathroom styling.

## European water label scheme

Many of our products are registered with the Water Label scheme. The scheme identifies water saving products, that when installed and used correctly, will use less water, saving energy and money. The Water Label is used across Europe for most bathroom products.

Throughout our brochure, we have used the one-line version of the label as shown above, the flow rate classification is measured at 3 bar pressure.

The Water Regulations Advisory Scheme (WRAS) specialises in certifying all products using drinking water. Throughout the brochure we have featured the details for WRAS approved products.

Type of measurement:

INNOVATIVE WCS

In-Tank Meridian

  
Integrated cistern and flush system

  
Integrated light on the flush button

  
Soft-close seat

  
Reversible push button

  
4.5/3 litre dual-flush system

  
Soft Air® technology

The unique In-Tank Meridian WC is a revolutionary bathroom fitting concept which incorporates the tank in its interior. It is the first WC to offer wall-hung and back-to-wall options which do not require a concealed cistern, facilitating ease of installation and creating an ideal solution for small spaces. Water enters the tank and then air is introduced by a revolutionary blower which has been developed in collaboration with Fluidmaster. This innovative blower pushes the water through the toilet rim to flush the WC. Works on mains pressure only. Requires electrics. For pre-installation instructions please visit our website.

All Modo baths are supplied with integral waste and Surflex® waste cover.

# Customisable basins - Modo

On a highly aesthetic and functional level MODO has been developed, the first collection formed from a new solid surface material, SURFEX®.

The collection is formed of washbasins, shelves and baths, available in a range of sizes.

Modo washbasins are fully customisable allowing you to create a solution for your space requirements.

For ease of reference, please find below the pricing structure.

**To build your customisable basin and calculate the RRP**

- 1. Choose the basin shape, size and taphole configuration, see Table 1
- 2. Add additional bowls if required, see Table 2
- 3. Choose basin skirting options, see Table 3

# Bathroom Storage units

Designed with smaller bathroom spaces in mind, storage units make the most of the vertical space available, providing a stylish storage solution, when space is critical.

With floorstanding and wall-hung unit options, Roca's storage cabinets are also available in a wide choice of finishes to suit a variety of bathroom styles, the units can be combined with existing sanitary ware to provide additional storage space.

Functions

**Rain**  
The fine water droplets are converted into tiny threads, giving the body a sensation of lightness and pleasure.

**AquAir**  
Water and air are combined to give a soft, foamy sensation for a truly relaxing experience.

**Spray**  
A powerful water spray, divided up into tiny droplets that stimulate the blood vessels and give the body a revitalising massage.
