FAMILY : Waste Management | SERIE : Franke Turbo Elite | MODEL : TE-125B | FINISH : Other

A Franke Turbo Elite Waste Disposal Unit is designed to free the kitchen of unsightly and unhygienic household waste, and is the essential add-on for ensuring that your kitchen remains looking immaculate. Thanks to a permanent magnet motor, Franke WDUs reach high speed in a split second, producing more torque per kilo than any other of its type. Whilst running water through the unit, food waste is instantly liquefied into fine particles that are easily flushed through the pipework system. Includes antibacterial protection for odour control.

This Batch Feed model is activated by loading the chamber and rotating the WDU plug. Model not compatible with Ceramic sinks.
